

**14) Yet you do not know what your life will be like tomorrow. You are just a vapor that appears for a little while and then vanishes away.**  
**15) Instead, you ought to say, "If the Lord wills, we shall live and also do this or that."**

Of BikerDownWNC Do This

The Lord commands us to love our neighbors. Our mission is to pray for and lift up those who are victims of motorcycle accidents. Those who are in the hospital, without family, or support. They may be 1%ers, they may ride a different bike or belong to a different club. They may be from a different state, or have a different color. It doesn't matter according to God. **Jesus said, 35) "For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you**

## Biker Ministry

Missionaries at Home  
On the Road – Where They Are

***invited me in, 36) I needed clothes and you clothed me, I was sick and you looked after me, I was in prison and you came to visit me."* Matthew 25**

**NAS** - We just need to assist and pray and help in any way we can. Some will need money, some will need someone to talk to, all will need prayer and our witness as Christians and fellow bikers. Get their permission to take their information and post it on our webpage, so others can join in prayer support. Visit them or have others visit. Talk to their families, comfort them, encourage them, listen to them. Ask what they need or how we can help. Pray over them and pray with them, even if they don't know you are there.

### DO NOT

- **Ever take money from one you visit or their family.**
- **Try to replace the support they may already have (Clergy).**
- **Be a pest. If they reject you, pray for them and move on.**
- **Harm them by revealing confidential information.**

## Compassion

Understanding Why

*With Honor*

We know why we ride. Many people who care for these injured do not. People you meet in this service will become lifelong friends, not just someone you wave to as you drive by or nod to on the street. You will share your faith, their misery, their family's fears. Be prepared. Take a Bible to give them. Take something to write on to get their information. Let the Lord lead you in prayer. BE the example of Christ, with love. Be respectful of family, individual privacy, medical staff. Seek opportunities to witness and spread God's word through your work. Welcome to BikerdownWNC.
